

## Community Coach Education and Safeguarding Young Cricketers Courses – Safeguarding Matrix (August 2018)

We are encouraging and supporting as many people as possible to be caught into the new cricket Safeguarding training - Safeguarding Young Cricketers (SYC)

Coach	On Line Module	On course face to face
New Coach Attending L2 certificate with no previous Safeguarding and Protecting Children (SPC) training	Do the on line SYC module and assessment. Ideally the on line module and assessment will be completed before the candidate attends the course. Successful completion is a pre-requisite before final course assessment. County Boards should confirm candidates on courses on EMMS at least 5 days before the course begins to allow them time to complete the on line module.	Apply learning through on course delivery – assess knowledge through on course assessment
New Coach who has attended SCUk SPC previously	Must evidence SPC attendance through an up to date (within 3 years) certificate (including FA and RFU equivalents). All candidates will be given the option to do the online module in order to help level the playing field and support learning and applied practice	Apply learning through on course delivery – assess knowledge through on course assessment
New attendee of Coach Support Worker (CSW) course	Do the on line module and the assessment. This will raise the candidates awareness of safeguarding issues and test their basic knowledge If the candidate has done SCUk SPC face to face in the last 3 years, then this is acceptable. All candidates will be given the option to do the online module.	Not part of the CSW course as CSWs will habitually be supervised by a qualified coach.
Any coach needing to renew their SPC training	Do the online SYC module to refresh knowledge and assess knowledge	
CSW attendee who has done the online module who then wants to do the L2 Certificate	As long as the on-line module was completed in the three years before assessment, the candidate will not be required to complete it again. However the candidate will be given the option to do the online module in order to help level the playing field and support learning and applied practice	Apply learning through on course delivery – assess knowledge through on course assessment
UKCC coach who isn't certificated – only reason being non-attendance at SPC	Must attend face to face scUK Safeguarding and Protecting children course	
Overseas coach who has a recognised qualification but no SPC	Must attend face to face scUK Safeguarding and Protecting children course	
Coach who continually can't pass the online SYC or fails on course assessment for SYC		Their understanding can be discussed with them as appropriate, either by the course tutor or they can be referred to their County or Club Welfare Officer. The candidate should be mentored and guided to assist in understanding the subject in order to achieve competence in the assessment.

We need to respect the view that some candidates may wish to attend the current face to face SPC to meet requirements. In which case, the benefits of doing SYC should be explained, but if they insist upon attending SPC, they must produce a certificate of attendance as a pre-requisite before assessment. On the Level Two coaching course, the ECB will assess knowledge and applied learning through on course assessment.
